**Cross Fusion** - Is a diverse assortment of functional strength exercises and metabolic conditioning performed at scalable intensities while enhancing athletic development, building strength, increasing power, speed and aerobic capacity.

**FUNctional Strength** - is what everyone with a fitness lifestyle needs to feel good and live well. Whether it's carrying groceries playing with the kids, or just participating in other fitness events, strength is the foundation for quality of life. Essential strength is a class designed to introduce and develop strength concepts such as stability, mobility, and work capacity while improving cardiovascular function maximizing fat consumption.

**Strong Yogi** - Develop flexibility and joint stability by using focus, breathing, and mindful movement. We utilize Yoga techniques and strength and conditioning exercises with emphasis on injury prevention.
